Press Release

RECARO AIRCRAFT SEATING AND LUXAIR ALIGN ON R2 SFE SEAT

Luxair chooses R2 SFE from Embraer catalogue

SCHWAEBISCH HALL, GERMANY, MAY 20, 2025 – RECARO Aircraft Seating, a global leader in premium aircraft seating solutions, is proud to announce that Luxair has selected the R2 seat from the Embraer Seller Furnished Equipment (SFE) catalogue. This marks the first award for RECARO based on the RECARO-Embraer SFE catalogue, setting a base for a strong entry into the SFE market with a competitive product offering.

For over 20 years, Embraer showcased only one supplier in their SFE catalogue. Since 2023, RECARO and Embraer have joined forces to develop a seating catalogue specifically for E1 and E2 aircraft which includes both the R1 and R2 with a diverse array of seat features. The Luxair award signifies the official market entrance of the collaborative catalogue of seating options.

Key selection factors for Luxair were the renowned RECARO quality, comfort, and brand image, as well as the availability of Astronics latest In-Seat Power Supply System (ISPSS). With this selection, Luxair has opted for the R2 comfort package which includes a six-way adjustable headrest with integrated neck support and additional cushion, tablet holder, and the

latest and greatest ISPSS - Astronics Ultralite Generation 2 USB-C 60W system. Aircraft delivery is projected for November 2025 with an entry into service sometime in December 2025.

“We are proud to be the first airline to select the R2 seat from the RECARO-Embraer SFE catalogue”, says Gilles Feith, CEO of Luxair. “This decision underscores Luxair’s unwavering commitment to providing an exceptional onboard experience, driven by quality, innovation, and comfort. The R2 comfort package aligns perfectly with our brand promise, and it will allow us to further elevate the travel experience for our passengers. We look forward to introducing these seats on our new E2 aircraft later this year.”

“RECARO Aircraft Seating adds more choice for our customers and reinforces our commitment to enhancing the passenger experience while delivering value to airlines. The RECARO seats look great in our cabins, bring additional options and low weight for our airline customers, and more comfort and amenities for their passengers,” says Fernando Antonio Oliveira, VP Programs at Embraer Commercial Aviation.

“We are immensely proud to announce that Luxair has selected our R2 seat from the new RECARO-Embraer SFE catalogue,” says Dr. Mark Hiller, CEO of RECARO Aircraft Seating and RECARO Holding. “This achievement marks a significant milestone as we establish our presence in the Embraer Seller Furnished Equipment market.”
