**SCHWAEBISCH HALL, Germany / SINGAPORE – Launch ceremony for the new Dreamliner: On March 28, 2018, Singapore Airlines celebrated its first Boeing 787-10 aircraft at Changi Airport in Singapore. Also on board is the Recaro economy class seat CL3710 – adapted to the airline's unique cabin design.**

“Singapore Airlines and Recaro have enjoyed a very close partnership for many years. We are delighted to continue this successful collaboration with the CL3710 as launch economy class seat for the new 787-10 aircraft,” said Dr. Mark Hiller, Chief Executive Officer and Shareholder of Recaro Aircraft Seating.

Singapore Airlines provides its passengers with an exceptional inflight experience. The airline ordered a total of more than 20,000 comfortable lightweight CL3710 seats for its long-haul fleet.

Multiple award-winner, bestseller and lightweight: Recaro's CL3710 has broken all records. This is also reflected in the sales figures: the economy class seat has filled Recaro's order books with over 250,000 orders since its launch five years ago.
